United Methodist Conference Clergy Pensions and Fiscal Budget Top Business at Huntingdon College

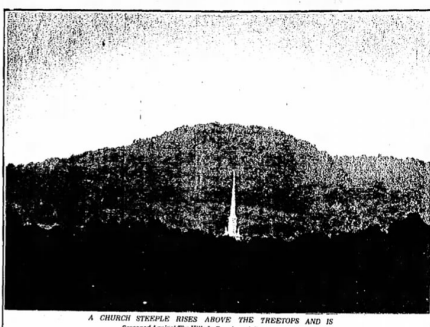

BIRMINGHAM, Ala. — A \$1 million budget program for clergy, and the adoption of a \$2,000,000 fiscal budget for 1978 were major actions taken by the 1977 session of the Alabama-West Florida Conference of the United Methodist Church, meeting at Huntingdon College, Montgomery, May 30-June 2.

The \$1 million budget program for clergy is a three-year capital fund program in which each local church will be asked to contribute \$100,000. The success of the program will ensure an adequate pension program for all administrators, ministers, pastors, as well as future retirees.

Make decisions from strength

By Robert Schuller
I'll tell you what I'm going to do, Dr. Schuller. And you're not going to talk the lot out of anything. These words were spoken by a dejected, weedy, thin man who had just described how he had come to his decision. "What's that?" I asked. "I'm selling my business, Tom, I'm moving out of California. There, I never trust another woman. Four, I'll never make any more promises."

It's quite simple, I'm telling you. You say your decision has been doing well. Suppose two years from now you find out that you were wrong. Can you pick up the pieces? "I guess not," he said. "Suppose in a year or two you meet some beautiful woman and she tells you you have the capacity to love and to trust each other. If you're never going to give another person a chance to love, you're depriving yourself of the greatest blessing of life."

IT'S POSSIBLE!
